10. Resolution on the remuneration of the members of the Board of Directors

The total maximum number of shares to be issued based on the authorisation, including the shares issued on the basis of special rights, is 500,785 shares. The Board of Directors can decide to either issue new shares or dispose of any treasury shares held by the company. The proposed maximum amount of the authorisation corresponds to approximately 10% of all the shares in the company as at the date of this notice.

The authorisation entitles the Board of Directors to resolve on all terms related to the share issue as well as the issuance of options and other special rights entitling to shares. The issuance of shares may be carried out in deviation from the shareholders' pre-emptive subscription right (directed issue) provided that there is a weighty financial reason to do so.

The authorisation may be used for potential acquisitions or other arrangements, for share-based incentive schemes of the management and key personnel or otherwise for purposes resolved by the Board of Directors. Of the authorisation, a maximum of 250,392 shares may be used as part of the above-mentioned share-based incentive schemes, which corresponds to approximately 5% of all shares in the company as at the date of this notice.

The shares will be repurchased in public trading arranged by Nasdaq Helsinki Ltd at their market value on Nasdaq First North Growth Market Finland at the time of the repurchase. Based on the authorisation, the Board of Directors may decide on the repurchase of the company's own shares also in deviation from the proportional holdings of the shareholders.

The authorisation is proposed to be valid until the end of the next Annual General Meeting, however, for a maximum of 18 months from the General Meeting's resolution on authorisation.
