Financial summary 1 January - 31 December 2020

For the reporting period Sunborn London Oyj ("the Company") continued to be a SPV with no other purpose than owning the Sunborn London Yacht hotel. The vessel was leased out to sister company Sunborn International (UK) Ltd ("Sunborn UK") through an internal bareboat agreement, and ultimately to ISS Facility Services Ltd ("ISS"). The structure of Sunborn group is described in Note 1 to the financial statements.

Rental Income for the reporting period was 2.68 M€ (2.95 M€) and other income for the period contains extraordinary income of 4,76 MEUR relating to the termination of the ISS Management Lease on 31.12.2020. On 29th December 2020 the bondholders approved the amendment of the Bond Terms and the ratification of the ISS Settlement agreement, namely the termination of the ISS management lease, Sunborn UK taking over the management agreement responsibilities and a 3 months' transition period beginning on the 31st December 2020. The Settlement amount paid by ISS consists of an agreed termination payment and has a significant impact in the Sunborn London Oyj financial capability going forward and an early bond repayment of 5 MEUR.

Operating costs are in line with previous year. Extra costs were caused by reorganization.

Book value of the yacht hotel as of 31 December 2020 approximates the fair value of the yacht hotel based on income approach using discounted cash flow analyses. The management has considered the influence of Covid-19 in the fair value and continues to carefully monitor any further consequences of the Covid-19.

Notable events during the reporting period

Take over the London operations and amendments to bond terms

Due to an announced strategic decision by management partner ISS to withdraw from UK hotel operations, the Company, Sunborn UK and ISS Facility Services Ltd negotiated a Settlement Agreement with the objective of an early termination of remaining ISS management lease for the Sunborn London hotel and consequently Sunborn UK taking over the management agreement responsibilities and a transition period from 1st of January 2021. The Settlement includes a lump sum amount paid by ISS to cover the expected loss, costs and commercial risks transferred to Sunborn London Oyj and Sunborn International (UK) Ltd.

After the in-principle agreement with ISS, the Company issued a request to its bondholders to accept a Proposal which included the negotiated Settlement exit offer. The Proposal was broadly accepted by bondholders and therefore Sunborn's current operating entity in UK will begin transfer operations on 1st January 2021 from ISS management.

Amendments to the Bond Terms included early amortization of the outstanding bond by 5.0 MEUR, which took place on the 17th February 2021. The remaining proceeds from the settlement remain in the hotel operating company for working capital and general corporate purposes. Amendments also included:

- an option to extend the maturity of the bond to by 6 months or until September 2022 with extension fee of 4 % and 8 % respectively.
- an interest coverage ratio covenant, which requires the Issuer to generate EBITDA minimum of 1.1 times the net finance charges
- Sunborn International Holding Oy as guarantor (owner of Sunborn's two yacht hotels, Sunborn Gibraltar and Sunborn London)
- the ability to use any government funding programs in the operating company (unsecured) if available with a limit of EUR 2 million.

The Bareboat charter agreement between Sunborn UK and the Company was renewed with a fixed sum of GBP 195,000 per month as per the amended Bareboat Charter Agreement (dated on 29.12.2020) effective from 1st January 2021 onwards.

Sunborn management views the settlement agreement provided a major positive boost to the financial standing of the Company at the end of a difficult trading year due to Covid 19, reducing a large proportion of outstanding debt by an early repayment of 5.0 MEUR and improving key financial parameters in preparation for refinancing of the bond due September 2021. As part of the Settlement, operator company Sunborn UK has secured an increase in working capital funds to deal with the immediate operating environment and the takeover provides clearly identified opportunities to better manage sales, reduce costs and increase profitability through synergies from other Sunborn operations and importantly allow for fast and effective management response in and fluid and extraordinary operating environment. The current management and staff of the hotel transfered to Sunborn UK.

Extraordinary operational lease adjustment

In light of the pandemic caused extraordinary operational circumstance and the resulting loss of operator's hotel revenues and contractual obligations agreed in the ISS Management lease agreement to provide assistance in extraordinary trading circumstances (Covid 19), ISS and Sunborn UK agreed to implement a temporary 15 % discount of the lease fee starting 1st July 2020. Corresponding discount for the corresponding period applied also to the intra-group contract between the Company and Sunborn UK, decreasing thus the company's lease income by 15 %.

Business environment

UK officially left the EU on 31.1.2020 and the Brexit transition period ended 31.12.2020.

Due to Brexit the volatility in pound sterling versus euro is expected to continue while Sunborn Group has implemented certain currency hedges to alleviate but not completely remove the risk of declining pound versus euro. According to Sunborn group's financial risk strategy, the management of the Company closely monitors the development of the GBP/EUR exchange rate and aims to protect the Company against unfavorable developments at the group level.

In 2016, Sunborn International (UK) Ltd entered into a 13-years long triple net management service contract for operations of the Sunborn London Yacht hotel with ISS Facility Services Ltd, a 100 % owned subsidiary of ISS A/S listed in Denmark. ISS has paid Sunborn UK a fixed sum per month in lease.

From 1st January 2021 onwards the Bareboat charter agreement between the hotel operator, Sunborn UK and the Company was on 29th December 2020 renewed with a fixed sum of GBP 195,000 per month to account for the termination of the ISS Settlement Agreement.

Customer satisfaction continues to be excellent reflected in the current score of 8.5/10 "Very good" on Booking.com, 8.6/10 "Fabulous" on Hotels.com, 4.3/5 "Excellent" on Expedia and #382 out of 1,135 hotels in London on TripAdvisor.

Estimated future development

The management has, prior to entering into the Settlement agreement, carefully planned the future business operations including the expected impact and continuation of pandemic restrictions on the hotel's operations.

Despite the obvious challenges of the pandemic, management believes the property will continue successful operations under the current management and the hotel to be placed in an excellent location, benefitting from the ongoing and continued growth and development of the Royal Docks area and the Excel center.

Sunborn UK is transferring over all the existing hotel staff and management from ISS and has identified synergies in sales, marketing and costs with other Sunborn properties, expecting to improve overall stabilized profitability once the normal trading conditions are restored. Management considers Sunborn UK to have sufficient resource available to weather out the current lockdowns and expects the market conditions to improve towards the summer of 2021. Despite the Covid-19 pandemic the Company's financial performance and debt service capacity is expected to remain stable.

UK has successfully managed the Covid 19 response and is in the forefront of international vaccination progress, gradual opening of the society and removal of restrictions on hospitality businesses. UK Hotels as per recent government announcements are expected to be able to continue normal operations in mid to end May. Management has high confidence the planned ISS exit strategy and forward looking business view will be successful.

Notable events after the end of the reporting period

Amendments to the Bond Terms included an early repayment of the bond by 5.0 MEUR, which took place on the 17th February 2021

Company has implemented the transfer of operations and staff from ISS to Sunborn UK. The hotel has been restricted in offering services, other than those provided for eligible support staff and eligible travelers.

Refinancing of the bond is under negotiation with several parties and the company is exploring various refinancing instruments.

Parent entity Sunborn International Holding Oy has received full planning permission for developing a new yacht hotel with permanent planning permission in the current site. This provides a solid foundation for long term development of the UK business.

Short-term risks and uncertainties

The Company's financial risks related to business are market risk including interest rate risk and foreign currency risk, credit risk, liquidity risk and refinancing risk.

The Company is exposed to foreign currency risk through rental receivables and future cash flows arising from the lease contract of the Yacht hotel that is denominated in GBP. The management of the company closely monitors the development of the GBP/EUR exchange rate and aims to protect the Company against unfavourable developments at the group level.

The transfer of operations from ISS to Sunborn UK contains commercial risks related to the continuation of the pandemic and restrictions imposed po the UK hospitality industry. The Sunborn London continues to operate under challenging conditions but management expects the cash reserves of the Sunborn UK to be sufficient to weather out the current lock down and continue to pay the monthly lease.

The current Covid-19 outbreak impacts negatively hotel market in London and the Company's credit risk and liquidity risk through operator being able to continue operating the hotel, meet its commitments under the Bareboat Charter agreement and the Company to pay the interest and other payments related to bond.

The Company's bond is maturing for repayment on 29th September 2021. Management views the current high yield market conditions to be less favourable due to the higher industry risk and ongoing pandemic risk but financing to be available subject to terms and conditions. When the Bond Terms were amended, the bond was remeasured by discounting the amended cash flows using the original effective interest rate. The management has applied significant judgement in estimating the contractual cash flows. The management has assessed that it will not use the extension option and will repay the bond at its original maturity date.

The company management considers the ISS Settlement to have improved the credit metrics of the Company, lowering the loan to value and interest payment cover ratio, however also removing a long-term third-party lease agreement, which may impact the terms and conditions and availability of certain types of financing. Prior to the early 5 MEUR repayment of the loan, senior secured bank financing was outside expected parameters, but with the current lowered outstanding bond amount at 24.5 MEUR, there are more financing options available including bank debt, sale and lease-back, senior secure bond, private placement and structured financing. On 29th December 2020 the bondholders approved the amendment of the Bond Terms and the company has options to extend the bond maturity by 6 months or alternatively until 5th September 2022, however management is currently implementing a strategy of a full refinancing of the bond prior to original maturity and will assessing the likely success and uncertainty over the coming months.

Financial risk management carried out by the management of the Company aims to protect the Company against unfavourable developments in the financial markets and ensure the performance. The management review financial risks on regular basis to manage financial risk position and decide on necessary actions.

Covid 19 pandemic

The Covid-19 outbreak is severely and negatively affecting the tourism market globally. As the Company is reliant on the ability of the operator to pay rent, recent restricted operation of the underlying business and the subsequent forecasted recovery period is likely to affect the performance of the operator in the short and medium term.

Prolonged Covid-19 restrictions could further impact the Company's business through continued negative influence on the operator. The consequences of the unprecedented crisis are difficult to predict, and it is unknown when the recovery of the affected businesses will take place. Prolonged crisis could also in the long term impair the fair value of the yacht hotel.

Corporate Governance

Sunborn London Oyj's ownership, corporate structure, operational activities and related party transactions are described in notes to the financial statements.

The governance of Sunborn London Oyj is based on the Finnish Limited Liability Companies Act and Sunborn London Oyj's articles of association. The Company's shares are not listed for public trading. Sunborn London Oyj has issued a secured bond that is listed by NASDAQ Helsinki Oy, and the company complies with its rules and regulations for listed bonds, the Securities Markets Act as well as the Financial Supervisory Authority's regulations.

The Annual General Meeting is the highest decision-making body in Sunborn London Oyj, deciding on matters laid down in the Finnish Limited Liability Companies Act. The AGM is held once a year, in June at the latest, on a date determined by the company's Board of Directors.

The Board of Directors of Sunborn London Oyj consists of four ordinary members, elected by the AGM for one year at a time. The Board of Directors decides on significant matters concerning the company strategy, investments and finance. In 2020 the Board had 4 meetings.

Members of the Board of Directors in 2020 were Ritva Niemi, Pekka Niemi, Hans Niemi and Jari Niemi. There has not been any remuneration for the Board of Directors in 2020. Sunborn London Oyj has no committees.

Sunborn London Oyj's Board of Directors appoints the Chief Executive Officer. The CEO Hans Niemi is responsible for the Company's financial performance and for organizing business operations and administration according to legislation as well as instructions and orders issued by the Board.

The Annual General Meeting elects the authorized public accountants until further notice. Sunborn London Oyj auditors are PricewaterhouseCoopers Oy with Kalle Laaksonen, APA, as principal auditor since 2017.

Proposal for profit distribution

The Board of Directors proposes to the Annual General Meeting that the funds are carried forward to retained earnings.

NOTES TO THE FINANCIAL STATEMENTS (IFRS)

1. General information

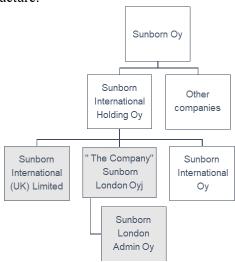

Sunborn London Oyj is a public limited liability company ("the Company") incorporated in Finland. The registered address of Sunborn London Oyj is Juhana Herttuan puistokatu 23, Turku, Finland. Sunborn London Oyj was established on April 30, 2016 through a demerger of Sunborn International Oy. Sunborn London Oyj owns a luxury yacht hotel "Sunborn London" docked at Royal Victoria Dock in London, the UK ("Yacht hotel"), which it has leased to its sister company Sunborn International (UK) Limited ("Sunborn UK"). The hotel operations of the Yacht hotel Sunborn London have been run by management company ISS Facility Services Ltd ("ISS") in accordance with a lease contract between ISS and Sunborn UK until the end of 2020. In the beginning of the year Sunborn UK took over the operations after the transition from ISS management.

The Yacht hotel is equipped with 138 cabins, including four suites or high-class cabins, with a total hotel capacity of 524 persons. There are also conference facilities for up to 200 delegates, restaurant, bar and lounges inside the Yacht hotel. The Company had no employees in 2020 and 2019. Sunborn London Oyj's parent company Sunborn Oy provides management and administrative services to the Company. Sunborn UK's sole operations consist of acting as the lessee and lessor of the Yacht hotel.

On 30th April, 2020, Sunborn Oy transferred its ownership in the Company to a newly established company Sunborn International Holding Oy, which thus became a new parent company of Sunborn London Oyj owning 100 % of the shares of the Company, as well as Sunborn UK. Sunborn International Holding Oy. Sunborn International Holding Oy is a family-owned company based in Finland. Sunborn Group focuses on the development of luxury spa and yacht hotels, restaurants and other high-quality property, and has more than 40 years of experience in the hospitality sector. Sunborn Oy had altogether 16 subsidiaries as at December 31, 2020 ("Sunborn Group"). Sunborn Oy prepares consolidated financial statements under Finnish Accounting Standards. The copies of the consolidated financial statements as well as the Company's standalone financial statements are available at the parent company's head office, Juhana Herttuan puistokatu 23, Turku, Finland.

As at 7 December 2018 Sunborn London Oyj acquired dormant subsidiary for administrative purposes thus became the parent company of the group ("Group"). The consolidated financial statements have been prepared in accordance with the basis of preparation and accounting policies set out below.

Sunborn Group structure:

2. Summary of significant accounting policies

Basis of preparation

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union, conforming with the IAS and IFRS standards as well as SIC and IFRIC interpretations applicable as per December 31, 2020. International Financial Reporting Standards refer to the standards and interpretations applicable by corporations set out by the Finnish accounting ordinance and other guidance set out on the basis of this ordinance enforced for application in accordance with the procedure stipulated in the regulation (EC) No 1606/2002 of the European Parliament and of the Council. The notes to the financial statements also comply with the Finnish accounting and corporate legislation complementing the IFRS standards. There are no IFRSs or IFRIC interpretations that are not yet effective that would be expected to have a material impact on the Company's financial statements.

These financial statements have been prepared primarily under the historical cost convention unless otherwise indicated.

Preparation of consolidated financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

The financial statements are presented in thousands of euros unless otherwise stated. All figures presented have been rounded and consequently the sum of individual figures may deviate from the presented sum figure.

Going concern and liquidity risk

The transfer of operations from ISS to Sunborn UK contains commercial risks related to the continuation of the pandemic and restrictions imposed po the UK hospitality industry. The Sunborn London continues to operate under challenging conditions and the management expects the cash reserves of the Sunborn UK to be sufficient to weather out the current lock down and continue to pay the monthly lease. The Company's financial risks related to business are market risk including interest rate risk and foreign currency risk, credit risk, liquidity risk and refinancing risk. The current Covid-19 outbreak impacts negatively London hotel market and Sunborn London's credit risk and liquidity risk through operator being able to continue operating the hotel, meet its commitments under the lease agreement and Sunborn London Oyj to pay the interest and other payments related to bond.

The Company bond is maturing for repayment on 29th September 2021. Management views the current high yield market conditions to be less favorable due to the higher industry risk and ongoing pandemic risk but financing to be available subject to terms and conditions. When the bond terms were amended, the bond was remeasured by discounting the amended cash flows using the original effective interest rate. The management has applied significant judgement in estimating the contractual cash flows. The management has assessed that it will not use the extension option and will repay the bond at its original maturity date.

The company management considers the ISS Settlement to have improved the credit metrics of the Company, lowering LTV and interest payment cover ratio, however also removing a long-term third-party lease agreement, which may impact the terms and conditions and availability of certain types of

financing. Prior to the early 5.0 MEUR repayment of the loan, senior secured bank financing was outside expected parameters, but with the current lowered outstanding bond amount at 24.5 MEUR, there are more financing options available including bank debt, sale and lease-back, senior secure bond, private placement and structured financing. On 29th December 2020 the bondholders approved the amendment of the bond terms and conditions and the company has options to extend the bond maturity by 6 months or alternatively until 5th September 2022, however management is currently implementing a strategy of a full refinancing of the bond prior to original maturity and will assessing the likely success and uncertainty over the coming months.

Foreign currency translation

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates (the functional currency). The functional currency of the Company is euro, which is also the presentation currency of these consolidated statements.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement. All foreign exchange gains and losses are presented in the income statement within finance income or costs.

Investment property

The Company presents as investment property its investment in a Yacht hotel that is leased out under operating lease, and it is operated as Yacht hotel "Sunborn London" by ISS. The Yacht hotel has the physical characteristics of a building. It is a non-propelled vessel that is permanently moored along quayside at Royal Victoria Dock in London, the UK. The Yacht hotel, as it is lacking propels and other standard equipment of a ship, is not readily movable and the future rental cash flows to be earned from the Yacht hotel depend largely upon its permanent location.

An investment property is measured initially at its cost. Directly attributable transaction costs are included in the initial measurement. The Company measured the investment property at fair value as at 1 January 2015, as the Company applied the exemption provided in IFRS 1 to use the fair value of the investment property as deemed cost at the date of transition to IFRS. Any improvement costs for the renovation and repair that add value to Yacht hotel are capitalized as additions to the Yacht hotel and depreciated over the shorter of the improvements' estimated useful lives or that of the Yacht hotel.

Subsequently, the investment property is carried at cost less accumulated depreciation and any accumulated impairment losses. Depreciation is calculated using the straight-line method to allocate the cost to the residual value over their estimated useful lives. The estimated useful life of the Yacht hotel divided to its significant components is presented in the table below:

Yacht 40 years Yacht, short term components (interior and fittings) 10 years

The Yacht hotel's residual value is estimated to be EUR 5 million. The residual value and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Transfers to and from investment property are made if there is a change in use. Investment property is derecognised on disposal or when the asset is withdrawn from use and no future economic benefits are expected.

Impairment of investment property

Assets that are subject to depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

Financial assets

The group classifies all its financial assets as financial assets measured at amortised cost. The group's financial assets comprise lease receivables and loan receivables and are held within a business model whose objective is to collect the contractual cash flows, and the financial assets' contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost are recognised initially at fair value, including any transaction costs incurred. They are subsequently carried at amortised cost less provision for impairment. Interest income is recognised in the income statement using the effective interest method. Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire or the group transfers the financial asset or the group of financial assets in question.

The group's financial assets are included in current assets, expect for maturities greater than 12 months after the end of the reporting period in which case they are classified as non-current assets. The financial assets comprise non-current loan given to Sunborn International Holding Oy, a parent company of Sunborn London Oyj, current trade and other receivables which include mainly rental receivable from the lessee Sunborn UK, related party, reserve account pledged (cash collateral) for the bond trustee, and cash and cash equivalents, which includes cash in hand and deposits held at call with banks.

Impairment of financial assets at amortised cost

The group assesses on a forward looking basis the expected credit losses associated with the receivables which are carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. If there is no significant increase in credit risk, 12 month expected losses are recognised in profit or loss. Otherwise, the lifetime expected credit losses are recognised.

The group assesses expected losses based on the historical payment profiles and the corresponding historical credit losses experienced within the current period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables.

Trade receivables are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, a failure to make contractual payments for a period of greater than 360 days past due.

Financial liabilities

Financial liabilities of the group consist of borrowings and accounts and other payable. A financial liability is derecognized when it is extinguished – that is when the obligation is discharged, cancelled or expired. The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, shall be recognised in profit or loss.

Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the income statement as interest expense over the period of the borrowings using the effective interest method. The group's borrowings consist of senior secured bonds which the Company withdrew during 2016.

Accounts and other payable

Accounts payable are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Other payables consist of interest and tax accruals. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Accounts payable are recognised initially at fair value and subsequently measured at amortised cost.

Current and deferred tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the income statement, except to the extent that it relates to group contribution that is recognised directly in equity. In this case, the tax is also recognised directly in equity. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Group entities operate and generate taxable income.

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled. Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

Recognition of rental income

The Company recognises rental income from renting out the Yacht hotel "Sunborn London" to Sunborn UK based on fixed monthly payments determined in the lease contract. The lease of the Yacht hotel is classified as operating lease, since the Company retains a significant share of risks and rewards of ownership. Rental income from operating leases is recognised on a straight-line basis over the lease term.

Interest income

Interest income on the loan to the parent company Sunborn International Holding Oy is recognised using the effective interest method and presented within finance income in the statement of comprehensive income.

Group contribution

Group contribution given under Finnish Group Contribution Act 1986/825 to the entities in the Sunborn Group in Finland is recognised as a liability or receivable in the consolidated financial statements in the period to which it relates to. Group contribution is deducted directly from equity net of taxes.

Segment reporting

The Group only has one operation (owning and leasing the Yacht hotel), so it constitutes a single operating segment. The chief operating decision maker is determined as the Board of Directors of the Company who monitors the result of the group after its establishment based on the rental income generated from the lease agreement less operating expenses.

3. Critical accounting estimates and management judgement

The preparation of financial statements in compliance with IFRS requires making estimates and assumptions. Application of accounting policies requires making judgements. The estimates and underlying assumptions are reviewed on an ongoing basis. The estimates and assumptions, and judgements are based on historical experience and various other factors, including projections of future events, which are believed to be reasonable under current circumstances.

Useful life and residual value of the Yacht hotel

The Yacht hotel has been built as permanently floating real-estate and hull and structure is designed to have a technical lifespan of over 70 years, subject to normal maintenance and upkeep over the lifespan. In addition to the high technical specification of the hull and its protection systems, the hotel is typically moved only once every 10 to 15 years for refitting and is not normally subjected to adverse sea conditions, salt water, and friction. As a non-moving vessel, it will not be impacted by encounters with land or vessels. The management of the Company has made estimates on the depreciation period and residual value of the Yacht hotel. The management has estimated that the useful life of the Yacht hotel is 40 years for the hull and structure and 10 years for the interior and fittings. The residual value is estimated to be EUR 5 million. Should certain factors or circumstances cause the management to revise its estimates of the Yacht hotel's useful lives or projected residual values, depreciation expense could be materially higher or lower. If the estimated average Yacht hotel useful life had reduced or increased by one year, depreciation expense for 2020 would have increased by approximately EUR 0.1 million / decreased by 0.1 million. If the Yacht hotel was estimated to have no residual value, depreciation expense for 2020 would have increased by approximately EUR 0.13 million.

Determination of the functional currency of the Company

Determination of the functional currency of the Company requires critical judgement. The management of the Company has prepared the financial statements on the basis of the judgement that the functional currency is the Euro. Management's view is that the Company acts as an extension of its ultimate parent entity Sunborn Oy, whose functional currency is euro.

Impairment of the long term loan receivable from the parent entity

The management has applied judgement in considering that the credit risk of the loan receivable from the parent entity has not increased significantly. If the credit risk for a loan receivable is not significantly increased, the impairment loss is recognised based on 12 month expected losses. If the credit risk is

significantly increased, the impairment is recognised based on lifetime expected losses. This might have significant impact on the profit for the period.

4. Financial risk management

The financial risks related to business are market risk (including interest rate risk and foreign currency risk), credit risk, liquidity risk and refinancing risk. Financial risk management carried out by the management aims to protect the group against unfavourable developments in the financial markets and ensure the performance. The management review financial risks on regular basis to manage financial risk position and decide on necessary actions.

Foreign exchange risk

The objective of foreign exchange risk management is to reduce the uncertainty caused by fluctuations in foreign exchange rates in the group's profit and loss, cash flows and balance sheet to an acceptable level. The Group is exposed to foreign currency risk through rental receivables and future cash flows arising from the lease contract of the Yacht hotel that is denominated in GBP. Volatility in GBP versus EUR is also expected to continue due to Brexit.

The management of the company closely monitors the development of the GBP/EUR exchange rate and aims to protect the Company against unfavorable developments. Sunborn Oy, the parent of the Company, has hedged foreign exchange risk at the Sunborn Group level by using window forward rate contract.

The GBP denominated receivables and cash balances on the balance sheet in the periods presented are as follows:

| EUR thousand | 31 Dec 2020 | 31 Dec 2019 |
|---------------------------|-------------|-------------|
| Lease receivables | 3 191 | 3 288 |
| Cash and cash equivalents | 5 452 | 234 |
| Total | 8 643 | 3 522 |

At December 31, 2020, if the GB Pound strengthened/weakened by 15% against the euro, post-tax profit for the year would have been EUR 1 127 thousand (2019: EUR 459 thousand) higher/lower.

Interest rate risk

The Company has issued senior secured bonds during year 2016 whose interest is bound to 3-month Euribor. The nominal value of the bonds is EUR 32 million in total and they carry interest at rate of 5.5 % as at December 31, 2020 consisting of margin of 5.5 % plus 3-month Euribor subject to a floor at 0 %. Cash and cash equivalents do not carry significant interest. The loan receivable from the parent of the Company, Sunborn International Holding Oy amounts to EUR 19,8 million carries floating interest rate based on 3-month Euribor subject to a floor at 0 % plus marginal, being 6.1 % as at December 31, 2020.

Due to the low interest rate levels, the Company has paid the floor interest of 5.5 % p.a. on its borrowings and in substance the interest rate has been fixed. Also the interest rate for the receivable from Sunborn International Holding Oy has been fixed in substance. Possible future fluctuations in interest rates would be mainly offset by the opposite impacts of the changes in interest rates on the receivable and liability. Had the Euribor been 50 basis points higher or lower during the periods presented, that would not have had material impact on the interest expense or interest income. The management of the Company monitors

changes in the interest rate level and its possible impact on future cash outflows. The need for any hedging activity is assessed continuously.

Credit risk

Credit risk is the risk that the other party to the loans and receivables will cause a financial loss for the group by failing to discharge an obligation. Credit risk arises from rental receivables from its sister company Sunborn UK, loan to Sunborn International Holding Oy, the parent company, and cash and cash equivalents and the cash deposit held (cash collateral) at banks.

The Company assesses on a forward looking basis the expected credit losses associated with these receivables. The impairment methodology applied depends on whether there has been a significant increase in credit risk. If there is no significant increase in credit risk, 12 month expected losses are recognised in profit or loss. Otherwise, the lifetime expected credit losses are recognised.

The Company has leased the Yacht hotel to its sister company Sunborn UK. The lease receivables from Sunborn UK amounted to approximately EUR 3.2 million on 31.12.2020 (EUR 3.3 million on 31.12.2019). The receivables correspond to approximately one-year lease receivables. Previously the Company agreed with Sunborn UK on a longer payment period for the lease receivables to set off the receivables with outstanding liabilities of Sunborn International Oy to Sunborn UK. However, due to the demerger, the receivables and liabilities could not be offset. Sunborn UK makes the lease payments according to the contract, and the management has assessed that there is no significant increase in the credit risk of the receivables. The management has assessed that the 12-month expected loss on the lease receivables is not material.

The current Covid-19 outbreak impacts negatively hotel market in London and the Company's credit risk. The transfer of operations from ISS to Sunborn UK contains credit risks related to the continuation of the pandemic and restrictions imposed to the UK hospitality industry. The Sunborn London continues to operate under challenging conditions but management expects the cash reserves of the Sunborn UK to be sufficient to weather out the current lock down and continue to pay the monthly lease.

The most significant receivable is the loan granted to the parent Sunborn Oy in 2017 and transferred to Sunborn International Holding Oy in 2020. The loan carries normal credit risk related to intra-group receivables. The credit quality of the loan depends on the financial performance of the parent company. Financial activities of the Sunborn Group companies are directed by common management. The amounts and terms and conditions of the receivables from group companies are presented in note 13.

The management considers that there has not been a significant increase in credit risk since initial recognition of the loan receivable. Accordingly, impairment based on 12 month expected losses is recognised. The management of the Company has made the assessment and concluded that there is no material impairment loss to be recognised.

Cash and cash equivalents and the cash deposit (cash collateral) are held in reputable Nordic banks, whose credit ratings are strong. While cash and cash equivalents are also subject to the same impairment requirements as other receivables, the management has assessed that the impairment loss for them is immaterial.

The calculations of expected credit loss for financial assets are based on assumptions about risk of default and expected loss rates. The management uses judgement in making these assumptions and selecting the inputs to the impairment calculations, based on past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The ageing analysis of trade receivables is as follows:

| EUR thousand | 31 Dec 2020 | 31 Dec 2019 |
|-----------------------------|-------------|-------------|
| Not due | - | 253 |
| Less than 6 months past due | 3 191 | 1 264 |
| 6 - 12 months past due | - | 1 516 |
| Over 12 months past due | - | 256 |
| Total | 3 191 | 3 288 |

Liquidity risk and refinancing risk

Liquidity risk is the risk that existing funds and borrowing facilities become insufficient to meet the Company's business needs or high extra costs are incurred for arranging them. Refinancing risk is the risk that refinancing of the existing borrowings and/or raising new funding will not be available, or is available at high price.

Prudent liquidity risk management implies maintaining sufficient cash, and the availability of adequate funding. In the long—run the principal source of liquidity is expected to be the cash flow generated by the lease agreement. The Group's liquidity position is monitored by the management.

A summary table with maturity of the financial liabilities is presented below. The amounts disclosed in the tables below are the contractual undiscounted cash flows including the interest payments. The interest payments are calculated based on the interest rate level on the balance sheet dates presented.

| 21 | Dec | 20 | 171 |
|----|-----|------------|-----|
| 31 | Dec | Z U | IJΨ |

| EUR thousand | < 1 year | 1 to 2 years | 2 to 3 years | 3 to 5 years | Total |
|--|----------|--------------|--------------|--------------|--------|
| Payables to group companies | 50 | - | - | - | 50 |
| Trade and other payable | 9 | - | - | - | 9 |
| Senior secured bond | 29 307 | - | - | _ | 29 307 |
| Senior secured bond, interest payments | 1 030 | - | - | - | 1 030 |
| Total | 30 396 | - | - | _ | 30 396 |

31 Dec 2019

| EUR thousand | < 1 year | 1 to 2 years | 2 to 3 years | 3 to 5 years | Total |
|--|----------|--------------|--------------|--------------|--------|
| Payables to group companies | 24 | - | - | - | 24 |
| Trade and other payable | 2 | - | - | - | 2 |
| Senior secured bond | 704 | 29 456 | - | - | 30 160 |
| Senior secured bond, interest payments | 1 677 | 1 214 | - | - | 2 891 |
| Total | 2 407 | 30 670 | - | - | 33 077 |

The refinancing risk is managed by securing the refinancing early enough. The Company's bond is maturing for repayment on 29th September 2021. Management views the current high yield market conditions to be less favorable due to the higher industry risk and ongoing pandemic risk but financing to be available subject to terms and conditions. When the Bond Terms were amended, the bond was remeasured by discounting the amended cash flows using the original effective interest rate. The management has applied significant judgement in estimating the contractual cash flows. The management has assessed that it will not use the extension option and will repay the bond at its original maturity date.

The company management considers the ISS Settlement to have improved the credit metrics of the Company, lowering the loan to value and interest payment cover ratio, however also removing a long-term third-party lease agreement, which may impact the terms and conditions and availability of certain types of financing. Prior to the early 5 MEUR repayment of the loan, senior secured bank financing was outside expected parameters, but with the current lowered outstanding bond amount at 24.5 MEUR, there are more financing options available including bank debt, sale and lease-back, senior secure bond, private placement and structured financing. On 29th December 2020 the bondholders approved the amendment of the Bond Terms and the company has options to extend the bond maturity by 6 months or alternatively until 5th September 2022, however management is currently implementing a strategy of a full refinancing of the bond prior to original maturity and will assessing the likely success and uncertainty over the coming months.

Capital management

Capital of the group as monitored by the management consists of borrowings and equity as shown in the balance sheet.

Capital management is based on the evaluation of essential risks concerning the group. The management of the Company monitors equity ratio. Capital is managed through group contributions or equity instalments. In accordance with the terms of bonds issued by the Company and guaranteed by Sunborn UK, as described in note 12 Borrowings, the Company is not permitted to raise new external debt, however intra-group financing is allowed if needed either in form of equity or debt instruments.

The bond terms include an asset cover ratio covenant, which requires the Company, together with the guarantor, to maintain the asset cover ratio of minimum 120.0 %. The covenant is calculated based on the market value of the yacht hotel calculated by approved shipbroker appointed by the Company and approved by the bond trustee, divided by financial indebtedness of the Company. The Company has not breached the covenant.

5. Rental income from related parties and other income

The Group's rental income consists of rental income from Sunborn UK.

Despite the change in operator in 2021, the amended Bareboat charter agreement between Sunborn UK and the Company remains in place with a fixed sum of GBP 195,000 per month in lease. Bareboat charter agreement is in force until terminated by either party subject to six months' prior notice. In 2019 the period for which the lease payments were presented are based on the term of the contract between ISS and Sunborn UK. Rental income relates to investment property, see note 9 for details.

Future minimum lease payments from the lease contract translated at exchange rate prevailing on each balance sheet date are as follows:

| EUR thousand | 31 Dec 2020 | 31 Dec 2019 |
|-----------------------|-------------|-------------|
| Within 1 year | 651 | 3 032 |
| Between 1 and 2 years | - | 3 032 |
| Between 2 and 3 years | - | 3 032 |
| Between 3 and 4 years | - | 3 032 |
| Between 4 and 5 years | - | 3 032 |
| Later than 5 years | - | 13 141 |
| Total | 651 | 28 303 |

Sunborn UK has paid in December 2020 in advance the 3 months' lease payments, so the table above only reflects the lease payments for 3 months' period.

Other income relates mostly to the one-time settlement exit fee from Sunborn UK due to the termination of contract with ISS.

Smaller item in other income relates to the payments received from ISS to renovate and repair the yacht hotel before the commencement of the lease in 2014. The payments received are recognised as other income over the time of the depreciation of the improvements.

6. Operating expenses

Operating expenses are presented in the table below:

Operating expenses

| Operating expenses | | |
|-------------------------|----------------|----------------|
| | 1 Jan - 31 Dec | 1 Jan - 31 Dec |
| EUR thousand | 2020 | 2019 |
| Insurance | 121 | 101 |
| Professional services | 95 | 46 |
| Management fee | 114 | 73 |
| Administrative expenses | 9 | 12 |
| Total | 339 | 232 |
| Auditor's fee | | |
| | 1 Jan - 31 Dec | 1 Jan - 31 Dec |
| EUR thousand | 2020 | 2019 |
| Statutory fees | 16 | 13 |
| Other services | 2 | 6 |
| Total | 18 | 19 |

7. Finance income and costs

Finance income and costs are presented in the table below:

| | 1 Jan - 31 Dec | 1 Jan - 31 Dec |
|---|----------------|----------------|
| EUR thousand | 2020 | 2019 |
| Finance income: | | |
| Interest income on loan given to parent company | 1 559 | 1 559 |
| Foreign exchange gains | 20 | 103 |
| Total finance income | 1 579 | 1 662 |
| Finance expenses: | | |
| Interest expenses on borrowings | -1 872 | -1 899 |
| Foreign exchange losses | -210 | -6 |
| Total finance costs | -2 082 | - 1 905 |
| Finance income and costs, net | -503 | -243 |

Foreign exchange losses relate mainly to the lease receivables from Sunborn UK which are denominated in GBP. Terms and conditions on loan given and borrowings from the parent company are described in note 13 Related party transactions.

8. Income tax expense

The effective tax rate in 2020 and in 2019 was 20 %.

Income tax expense

| | 1 Jan - 31 Dec | 1 Jan - 31 Dec |
|--------------------------|----------------|----------------|
| EUR thousand | 2020 | 2019 |
| Current tax | 0 | 0 |
| Change in deferred taxes | -1 043 | -219 |
| Total | -1 043 | -219 |

Tax charge

| | 1 Jan - 31 Dec | 1 Jan - 31 Dec |
|--|----------------|----------------|
| EUR thousand | 2020 | 2019 |
| Profit before income tax | 5 214 | 1 093 |
| Previously unregognized tax losses | 0 | 0 |
| Tax calculated at Finnish tax rate (20%) | -1 043 | -219 |
| Total | -1 043 | -219 |

9. Investment property

The Group presents as investment property its investment in a Yacht Hotel that is leased out under operating lease and it is operated as Yacht hotel Sunborn London by ISS and from 1st January 2021 by Sunborn International UK Ltd. The investment property is carried at cost less any accumulated depreciation and any accumulated losses.

The Yacht hotel is registered in Finland but located in London, United Kingdom, where it is leased under a bareboat charter agreement to Sunborn UK. ISS Facility services has been responsible for the management up until 31.12.2020 and thereafter the responsibility lies with Sunborn International (UK) ltd. ISS and Sunborn have agreed a management contract transition period to hand over the operation and staff.

The deferred income recognised in the balance sheet relates to payments received from ISS to renovate and repair the Yacht hotel before the commencement of the lease in 2014. Costs of renovation are included in the fair value of the Yacht hotel. The deferred income is recognised as other income over the time of the depreciation of the improvements.

Fair value measurement of the Yacht hotel

Fair value of the yacht hotel as at 31 December 2020 has been estimated to be EUR 36 million (31.12.2019: EUR 43 million). The fair value has been determined based on income approach using discounted cash flow analyses. The fair value measurement is based on unobservable inputs and accordingly, is classified in Level 3 in the fair value hierarchy. The volatility in the fair value is due to the impact of the takeover of the operations from ISS to estimated cash flows and from the fluctuation of the GBP/EUR exchange rate. Fair value of the yacht hotel as at 31, December 2020 approximates the book value of the yacht hotel. The management has considered the impact of Covid-19 in the fair value and continue to carefully monitor any further impact of the Covid-crisis on the fair value and thus possible impairment of the Yacht Hotel.

The calculation takes into account different scenarios for determining the residual value after the contractual lease term: its estimated terminal value at the end of the lease term and assumed continuation of the lease contract after the contractual fixed period. Discount rate of 7 % is based on hotel yields in London added by inflation of 2 %. The payments for the extrapolated period include adjustment for risk of 1 %.

The fair value measurement is prepared using unobservable inputs based on the management estimation. The cash flows in the discounted cash flow calculation are based on the fixed payments in the lease contract less estimated operating expenses. If the discount rate used in the calculation would be one percentage point lower/higher, the fair value would have been approximately 3.8 million higher / 3.2 million lower.

Changes in the carrying amount of investment property

| EUR thousand | Yacht hotel |
|--|------------------------------------|
| Cost at January 1, 2019 | 45 432 |

| Book value at December 31 | 6 995 | 7 230 |
| Deferred tax assets and liabilities, net | 6 918 | 7 090 |

11. Equity

Number of the shares has been 200 shares since the establishment of the Company. Shares have no nominal value. The Company has not distributed any dividend and the bond agreement set some restrictions for distribution of dividend. However group contributions are allowed. The group contribution recognised directly to equity amounted to EUR 6.073 (2019: EUR 2.500) thousand.

12. Borrowings

| EUR thousand | 31 Dec 2020 | 31 Dec 2019 |
|---------------------|-------------|-------------|
| Non-current: | | |
| Senior secured bond | | 29 110 |
| Current: | | |
| Senior secured bond | 29 307 | 704 |
| Total | 29 307 | 29 814 |

As at 26 September 2016 the Company issued senior secured bonds with nominal amount of EUR 32 million to certain qualified institutional investors mainly to finance the existing debt of its sister company Sunborn UK in the amount of EUR 23.8 million and to provide additional financing to its parent company Sunborn Oy in the amount of EUR 6.5 million. The amount of EUR 0.9 million equivalent of 6 months

interest was deposited in a reserve account in the bank (cash collateral). The remaining proceeds were used for general corporate purposes.

The bond terms were amended on 29 December 2020. Amendments to the Bond Terms include early amortization of the outstanding bond by 5.0 MEUR, which took place on the 17th February 2021. The remaining proceeds from the settlement will remain in the hotel operating company Sunborn UK to handle working capital needs. Amendments also include

- an option to extend the maturity of the bond by 6 months for extension fee of 4% (€0.9M) or up until September 2022 with extension fee of 8% (€1.9 M).
- an interest coverage ratio covenant, which requires the Issuer to generate EBITDA minimum of 1.1 times the net finance charges
- Sunborn International Holding Oy as guarantor (owner of Sunborn's two yacht hotels, Sunborn Gibraltar and Sunborn London)
- the ability to use any government funding programs in the operating company (unsecured) if available with a limit of EUR 2 million.

The bonds are repaid by the Company in 5 small instalments (with extension in 6 small instalments) and the remaining amount will be fully redeemed on maturity date at the nominal amount (with extension option at a price of 108 % of the nominal amount on the new maturity date). The contractual interest is 5.5 % plus 3-month Euribor. The effective interest rate is 6.15 %.

The management estimates that the fair value of the bonds payable approximates the carrying amount, as interest rates have not changed much and the management estimates that the credit standing of Sunborn London has not changed significantly from the issue date. When the bond terms were amended, the bond was remeasured by discounting the amended cash flows using the original effective interest rate. The management has applied significant judgement in estimating the contractual cash flows. The management has assessed that it will not use the extension option and will repay the bond at its original maturity date. Accordingly, bond extension fees are not included in the modified cash flows

Collaterals and guarantees given

The bonds are secured by a 1st lien mortgage in the Yacht hotel and the cash collateral discussed above. Moreover, the Company has pledged all cash flows generated by the lease agreement on the yacht hotel, as well as the loan receivable from the parent company and other intragroup receivables. The normal bank accounts have been pledged to secure the bond repayments, however they can be used by the Company in the ordinary course of business. The bond agreement sets some restrictions on the activities of the Company as described note 4 Financial risk management, section Capital management and note 11 Equity.

The bonds are also secured by an on-demand guarantee from Sunborn UK, which were issued under the bond agreement and by a 1st lien floating charge registered on the Company's movable property in accordance with the Floating Charge Act. Until the end of year 2020 Sunborn UK's sole operations consisted of acting as the lessee and lessor of the Yacht hotel. Since 2021 operations consist of acting as the lessee and operator of the Yacht hotel. Its revenue consists of rental income and 2021 forward operational hotel income. Also, Sunborn UK's cash flows and receivables, as well as their bank accounts have been pledged as security of the bonds.

As explained above, the amendments to the bond terms introduced an interest coverage ratio covenant for Sunborn London Oyj EBITDA to Net Financial charges of 1.1 to 1.0 ratio and Sunborn International Holding Oy was added as guarantor for the bonds.

Moreover, Sunborn Oy has pledged its shares in the Company and Sunborn UK to secure the repayment of the bonds. The financial covenant is further described in note 4 Financial risk management, section Capital Management.

13. Related parties

Transactions with related parties

Sunborn Oy has transferred as a contribution in kind its business operations relating to the yacht hotel business to Sunborn International Holding Oy, which became the direct owned of the Group on 30 April 2020.

Related parties are the ultimate parent company Sunborn Oy, the direct parent company Sunborn International Holding Oy, other Sunborn Group entities, the board of directors and key management of the Group and the Board of Directors and management of the parent company, together with their close family members, and companies controlled by these individuals.

The following table summarises the group's transactions and outstanding balances with related parties during or at the end of the years presented:

| | 1 Jan – 31 Dec 2020 | | | $1 \mathrm{Jan} - 31$ | | |
|--|--|-------------------|-----------------|--|-------------------|------------------------|
| EUR thousand | Rental income from the operating lease | Management fee | Interest income | Rental income from the operating lease | Management fee | Interest income |
| Ultimate parent - Sunborn Oy | - | -50 | 518 | - | -48 | 1 559 |

| Total | 7 433 | -114 | 1 559 | 2 945 | -72 | 1 559 |

| | 31 Dec 2020 | | 31 Dec | 2019 |
|--------------------------------|-------------|-------------|---------------|-------------|
| EUR thousand | Receivables | Liabilities | Receivables | Liabilities |
| Ultimate parent - Sunborn Oy | _ | - | 24 162 | - |
| Parent - Sunborn International | | | | |
| Holding Oy | 19 777 | 50 | - | - |
| Sunborn International Oy | - | - | - | 24 |
| Sunborn Saga Oy | - | - | - | - |
| Sunborn UK | 3 191 | - | 3 288 | _ |
| Total | 22 968 | 50 | 27 450 | 24 |

The rental income arises from a lease contract related to the Yacht hotel with Sunborn UK. The Bareboat charter agreement is in force until terminated by either party subject to six months' prior notice. In 2020 rental income contains extraordinary income of 4,76 MEUR relating to the termination of the ISS Management Lease.

The Group has paid management fee to Sunborn Oy, Sunborn International Holding Oy and Sunborn International Oy and received interest income from Sunbnr Oy and Sunborn International Holding Oy. The interest income arises from the loan granted to the parent as described below.

The intercompany receivable from the parent company Sunborn Oy in September 2016, and legally transferred to the new parent company Sunborn International Holding Oy in April 2020. The loan receivable accumulates interest income at 6.1 % p.a. and is recognised as receivable from the parent company. Fair value of the loan receivable approximates its carrying amount, as interest rates have not changed much, and the management estimates that the credit standing of the debtor has not changed significantly from the issue date.

The lease receivables from Sunborn UK amounted to approximately EUR 3.2 million on 31.12.2020 (EUR 3.3 million on 31.12.2019).

Sunborn UK and Sunborn International Holding Ltd have guaranteed the senior secured bonds of the Company. Detailed information on the guarantee is described in note 12 Borrowings.

14. Events after the balance sheet date

Amendments to the Bond Terms included an early repayment of the bond by 5.0 MEUR, which took place on the 17th February 2021

Company implemented the transfer of operations from ISS to Sunborn UK over the 1st quarter and completed the TUPE transfer of staff at end of March.

Refinancing negotiations are ongoing with several parties and the company is exploring various refinancing instruments.

Sunborn International Holding Oy received full planning permission for developing a new yacht hotel with permanent planning permission in the current site. This provides a foundation for long term development of the UK business.

NOTES TO THE FINANCIAL STATEMENTS (FAS)

1. ACCOUNTING PRINCIPLES

The accounting period of the company is a calendar year.

Valuation principles for fixed assets

Fixed assets are valued at their current acquisition cost less planned depreciation. Planned depreciation is calculated according to the predefined depreciation plan as straight-line depreciation on the original acquisition cost of fixed assets. Minor acquisitions (below EUR 850) are booked as costs for accounting period.

Depreciation periods based on estimated economic working lives are as follows:

Machinery and equipment 25 years

Receivables and liabilities denominated in foreign currency

Receivables and liabilities denominated in foreign currency are valued on the basis of the average rate on the balance sheet date.

Consolidated Financial Statements

The company belongs to Sunborn Group. The parent company is Sunborn Oy, domicile in Turku. Copies of group financial statements are available at the Group's Headquarters: Juhana Herttuan puistokatu 23, 20100 TURKU, FINLAND.

2. DEPRECIATON AND DEPRECIATION DIFFERENCE
