### **Kempower delivers EV fast-charging systems to Power Dot in Portugal, Spain & France**

Kempower has confirmed an order to deliver EV fast-charging systems to Power Dot, an EV charging operator based in Portugal. The delivery of the fast-charging systems for electric passenger cars will take place in Q2 2022. The value of the order is over EUR 3 million. The EV charging systems will be deployed in France, Spain, Poland and Portugal. This is the second order from Power Dot in the last two months. On 31<sup>st</sup> December 2021, Kempower announced that the company had confirmed a pilot order of over EUR 2 million to deliver EV fast-charging systems to a Southern European charging point operator, Power Dot. The total value for these two orders is over EUR 5 million.

The order announced on 31st December 2021 and the order announced today are both part of a frame agreement being negotiated with Power Dot.

“We are extremely happy to start the cooperation with Power Dot. This partnership is an integral part of Kempower's growth strategy to expand into the European market. We look forward to contributing to EV drivers' positive user experiences in France, Spain, Poland and Portugal - countries where Kempower's DC fast chargers have hardly been installed yet”, says **Tomi Ristimäki**, CEO, Kempower.
