Kempower Signs an Agreement with a Scandinavian Heavy Truck Manufacturer to Deliver Movable DC Chargers

Kempower has signed an agreement with a Scandinavian heavy truck manufacturer to deliver Kempower Movable DC Chargers to the manufacturer. The manufacturer has been Kempower customer since 2019. Kempower Movable Chargers are supplied specifically for charging heavy electric trucks. Kempower estimates the contract to be worth over one million euros by the end of 2023.

The first batch of the movable DC chargers will be delivered from Kempower's factory located in Lahti, Finland, in the fourth quarter of 2022.

Kempower Movable Charger is a transportable DC fast charger suitable for charging all types of heavy commercial vehicles and electric cars. The movable charger can easily charge EVs at e.g., events, car shops, and truck depots. Kempower Movable Charger is used on all continents of the globe.
