### **Insider information: Kempower has confirmed an additional order to deliver EV High Powered Charging technology to a nation-wide UK customer**

Kempower has confirmed a new order from an existing customer to deliver Electric Vehicle (EV) High Powered Charging systems for nation-wide public charging in the UK. The delivery of the High Powered Charging systems for electric passenger cars includes Kempower Satellite Charging Systems and will take place in the second half (H2) of the year 2023. The value of the order is over EUR 15 million.

This marks the second order received by Kempower from one of the largest retailers in the UK. Adding together the order published 22 February 2023 and the one confirmed now, the combined value of the orders from the customer will reach more than EUR 20 million.
