About Kempower

We design and manufacture reliable and easy-to-use DC fast charging solutions for electric vehicles. Our vision is to create the world's most desired electric vehicle charging solutions for everyone, everywhere. The development and production of our solutions are carried out in Finland and in the U.S. with the majority of the materials and components are sourced locally. We focus on all areas of e-Mobility, from electric cars, trucks and buses to special machinery and boats. Our modular and scalable charging system and world-class software are designed by EV drivers for EV drivers, providing the best user experience for our customers around the world. Kempower is listed on the Nasdaq First North Growth Market in Finland.
