Invitation to Kempower's Capital Markets Day in Oslo, Norway, 26-27 May 2026 - A Glimpse into the Future of Electrification

Kempower will host a Capital Markets Day in Oslo, Norway, on Tuesday, 26 May 2026, for institutional investors, analysts, and members of the media.

During the Capital Markets Day, Kempower will present its updated strategy and related financial targets, providing an overview of the company's strategic priorities, growth opportunities, and long-term value creation ambitions.

The Capital Markets Day program will take place over two days.

On the afternoon of Tuesday, 26 May, Kempower's CEO **Bhasker Kaushal** and members of the company's Global Leadership Team will present Kempower's updated strategy and financial targets. The first day's program can be attended either on-site in Oslo or via live webcast.

On the morning of Wednesday, 27 May, Kempower will host an experiential event titled "A Glimpse into the Future of Electrification." The session will provide participants with a first-hand view of how electrification is scaling across the mobility ecosystem and what it means for the future of electric transportation.

Participants attending in person will have the opportunity to visit operational charging sites and explore real-world charging solutions across multiple segments, together with Kempower's customers and industry stakeholders. The program will include demonstrations and site visits showcasing public fast charging, truck and bus depot charging, megawatt charging system (MCS) technology, and charging solutions for marine transportation.

The site visits and customer engagements taking place on Wednesday, 27 May will be available exclusively to participants attending the event on-site in Oslo.

Further details regarding the agenda, speakers, and registration will be announced closer to the event.
