GRK is currently involved in the implementation of a data centre project for a technology company in Finland. The value of the agreement for GRK is approximately EUR 66 million. The project was entered in GRK's order backlog in the second quarter of 2026.

The contract comprises the data centre site's preparatory work, earthmoving and excavation work, as well as the construction of logistics areas. The work began in June and is scheduled to be completed by December 2026.
