Loudspring in brief

Loudspring is an investment group focused on saving natural resources. Our strategy is to focus on the ownership and governance in Eagle Filters where we see a clear path to a long term profitable and scalable business, and divest more opportunistic higher risk investments, transforming into an industrial company. Our customers saved 125 000 tons CO2 emissions during 2020 using our technology, which equates to the CO2 carbon footprint of 12 000 Finns on average.

The company group is listed on First North Growth Market Finland under the ticker LOUD and on First North Growth Market Stockholm under the ticker LOUDS.
